

We are excited to present our second annual benchmark report, a reflection of our continued journey of growth and impact within the Ecojustice community. This report highlights the progress and achievements driven by our dedicated legal experts, donors, volunteers, clients, partners, and everyone who shares our vision for a sustainable environment safeguarded by robust and well-enforced laws.

As we review this year’s metrics and accomplishments, it is evident that our steadfast commitment and the unwavering support of our passionate community have propelled us to even greater heights. At this crucial juncture in environmental history, we have not only expanded the reach of our programs but also amplified their significance by focusing on high-impact opportunities and integrating our three strategic functions: litigation, law reform, and strategic communications.

Our work continues to be guided by our commitments to Reconciliation with Indigenous Peoples and our principles of Justice, Equity, Diversity, and Inclusion. These commitments are interwoven into every aspect of our efforts to combat the climate crisis, defend nature, and advocate for a healthy environment for all.

Thank you for joining us on this journey as we strive to create lasting positive change for the planet and humanity.
